

International Commissioners´ Forum (IC-Forum)

24 - 26th of October 2003

Cologne/Germany

Workshop	Intercultural Learning (ICL)
Workshop-Leader (Name and Association)	Irene Rojnik Europe Office WAGGGS
Introduction: Keywords of the presentation	<ul style="list-style-type: none"> - A lot of what we learn and hear today tries to simplify – this deepens stereotypes. ICL is opposite - it is about diversity, differences, about complexity and open question, it is about reflection and change. - ICL is also about democracy and citizenship. It wants you to take a stand again exclusion and their support mechanism. - ICL is a slow– it is a constant learning process
Relevant Material from WAGGGS and WOSM and any other useful documents	<p>International Education Kit (WAGGGS) WAGGGS-Triennial Theme: Our Rights – Our Responsibility WOSM: Scouting and Peace (Building Peace together) T-Kids of the Council of Europe and European Commission: (download from) www.training-youth.net</p> <p><u>Upcoming Event:</u> Joint seminar on “Celebrating Diversity”, which will focus on working with minorities, refugees etc. (Autumn 2004)</p>
Questions	<p>What is ICL? What do you do in your association to promote ICL?</p>
Keywords of the experiences of the other associations	General impression was that there is a lot of international learning, but not so much intercultural learning.
Demands to the 2 European Regions	1) Put up in the internet a kind of data-base, where all the association can give their details about their resources – to promote exchange (useful would be a joint one)
